EXPERIENCE

MAKKAAN.COM

2D Animator/ Video Editor

March 2023 to Current

- My responsibilities include converting scripts into dynamic motion graphics, ensuring visual storytelling aligns with client objectives. I excel in podcast editing, enhancing audio quality and integrating engaging visuals. My expertise extends to creating captivating Instagram reels to boost social media engagement. I am proficient in 3D tracking, adding realistic elements to enhance visual effects. With a keen eye for detail, I deliver polished final products that captivate and engage audiences across various platforms.

AL-MIRAJ GROUP OF COMPANIES

Video Editor

Nov 2022 to March 2023

- As a Video Editor, I have extensive experience in crafting high-quality video content for various real estate projects. My role involves collaborating with real estate agents to create engaging property showcases and promotional videos. I excel in using advanced editing software to enhance visuals and ensure a seamless viewer experience.

QS MARKETING

Graphic Designer

July 2022 to Nov 2022

- As a Graphic Designer, I specialize in creating visually compelling static posts for the real estate industry. I collaborate with real estate professionals to design eye-catching marketing materials, including social media graphics, brochures, and advertisements. My work focuses on highlighting property features and enhancing brand identity.

FREELANCING

2D Animation/ Video Editing/ Graphic Designing

Jan 2022 to Current

As a Motion Graphic Designer, I create dynamic and engaging animations for a diverse range of **E-commerce brands, including Clothing, Sports, Real Estate, Travel Agencies, Auto Companies, and Restaurants**. I collaborate with clients to produce visually captivating content that enhances brand storytelling and marketing campaigns. My expertise in animation software allows me to deliver high-quality motion graphics that captivate and inform audiences. I excel in transforming complex ideas into visually appealing animations that drive engagement. I consistently meet project deadlines while maintaining a strong attention to detail.

SKILLS

- I possess a strong command of **Adobe software, including After Effects, Premiere Pro, Photoshop, and Illustrator**. My expertise encompasses a wide range of video editing tasks, from creating motion graphics and explainer videos to 3D tracking and animated reels. With a versatile skill set, I am adept at producing high-quality, engaging content across various multimedia projects.
- With a focus on creativity and innovation, I excel in crafting captivating motion graphics, explainer videos, and animated reels using Adobe software. Whether it's implementing advanced tracking techniques or incorporating VFX elements, I bring a meticulous attention to detail to every project, delivering engaging and impactful content that exceeds expectations.
- As a versatile **Photographer and Videographer**, I have experience in a wide array of settings, including indoor events and outdoor projects. From product shoots to **Aerial footage captured with Drones**, I am adept at showcasing the unique essence of each subject, delivering visually compelling content that resonates with audiences.
